

In-Class Workshop for Policy Briefs

June 29, 2022

Data Visualization Using R
Summer 2022

This workshop has multiple goals

1. To prod you into doing some of your work early enough that you'll have time to reflect on what you've done and make helpful changes.
2. In the processing of explaining your work to your classmates, realize things that are unclear or confusing.
3. Get useful feedback from your classmates.
4. Develop your skills in both in critiquing graphics, and in improving them by giving helpful suggestions to your classmates.

With these goals in mind, your charge for class June 29 is to

- bring rough drafts of 4 graphs (recalling that the final brief should have 5 to 8+ charts)
 - if you made these in R, great
 - if you just sketch out an idea of what you'd like to show and how you'd do it, that's ok, too
- have some sense of a storyline for your policy brief
- more is better!

I've assigned you into groups of 3 or 4 students. In class you'll walk your other group members through the brief and solicit feedback. If you are in a group for the policy brief, it was my intention to split you up. Let me know ASAP by email if this list does not reflect this.
